Subject: RE: Use of delegated procurement authority

Yes. I called and left a message for Amit on his Office voice mail at 10:51 AM today saying that I was going to exercise my DPA and would like to discuss it with him prior to doing so. I also sent him text on his cell phone at 12:03 PM to the same effect. Further I called his cell phone, which went straight to voice mail at 1:21 PM, I did not leave a message on his cell phone at this time. I then called EQM and spoke with Ron McManamy to exercise my DPA at 1:35 pm. After calling Ron McManamy I also sent Amit and other the email below at 1:35.

Hi Bret,

Can you clarify for documentation purposes if you called Amit prior to exercising your DPA. Thanks.

Subject: Use of delegated procurement authority

Amit:

I am calling EQM and exercising my delegated procurement authority to pay for 6" float actuated pump rental for four pumps on the Spirit of Sacramento vessel which is currently in Sausalito at the Army Corps of Engineers dock. These pumps were installed yesterday and I mistakenly understood that USCG was paying for the rental on these pumps. Per agreement with USCG, and because the duration of the EPA Hazmat removal from the vessel is unknown, I have determined that the pump rental to assure the stability of the vessel is an appropriate EPA cost. The rental cost for the 4 pumps is \$854.56 per week (\$213.64/pump on a weekly basis). I anticipate paying this cost through my delegated procurement authority for 2 weeks, after which this ongoing cost will be covered by the time critical removal action which will be implemented by Chris Reiner. Please call me on my cell phone if you have any questions.

Thank you,
Bret
